

# Jonathan Gula

## Researcher

Department of Atmospheric and Oceanic Sciences,  
University of California, Los Angeles,  
Los Angeles, CA 90095-1567  
(310)-206-9381  
gula@atmos.ucla.edu

## Education

### 2006-09 - PhD in physical oceanography and meteorology

*Supervisors : Prof. Vladimir Zeitlin and Riwal Plougonven - LMD, ENS, Paris*

### 2005-06 - Master's degree in Ocean, Atmosphere and Climate

*Master's speciality : Dynamics of the ocean and atmosphere - Université Paris VI*

### 2004-05 - Agrégation de Sciences Physique

*Superior diploma for teaching Physics and Chemistry in high school. - ENS Cachan*

### 2003-04 - Maitrise in fundamental physics

*equivalent of first year of master in fundamental physics - ENS Cachan*

### 2002-03 - Licence in Physics

*equivalent of bachelor's degree in physics - ENS Cachan*

## Work Experience

## Research

### 2011-... - UCLA - Dept. of Atm. and Ocean. Sciences

**Assistant Researcher** : Interactions of currents and topography using the UCLA Regional Oceanic Modeling System (ROMS). *Contact : James C. McWilliams.*

### 2009-11 - University of Toronto - Department of Physics

**Postdoctoral fellow** : Regional climate modeling and downscaling of global warming experiments.  
*Contact : W.R. Peltier.*

### 2006-09 - Laboratoire de Météorologie Dynamique, ENS, Paris

**PhD candidate** : Ageostrophic instabilities of baroclinic flows in the atmosphere and ocean : Nonlinear evolution, secondary cyclogenesis and inertia-gravity waves emissions.  
*Supervisors : Prof. Vladimir Zeitlin et Riwal Plougonven.*

### Apr.-Jul. 2006 - Laboratoire de Météorologie Dynamique, ENS, Paris

**Research assistant** : Study of the Rossby-Kelvin instability  
*Supervisors : Prof. Vladimir Zeitlin et Riwal Plougonven.*

### Apr.-Aug. 2004 - University of Western Australia - Geophysical Fluid Dynamics group

**Research assistant** : Periodic Forcing of Baroclinic Basin-Scale Waves in a Rotating Stratified Basin.  
*Supervisor : Prof. Greg Ivey*

### Jul.-Aug. 2003 - Institut de Physique du Globe de Paris - Mécanique des roches

**Research assistant** : Experimental study of the electrico-sismic response in a grès de Fontainebleau.  
*Supervisor : Jean-Pierre Vilotte*

## Publications :

### In journals :

2015

- McWilliams, J.C., J. **Gula**, J., M.J. Molemaker, L. Renault & A. Shchepetkin, **2015** : Filament frontogenesis by boundary layer turbulence, *J. Phys. Oceanogr.*, accepted.

## Oral Communications

- Apr. 30, 2015** Submesoscale Phenomena and Consequences around the Gulf Stream.  
*Seminar, Laboratoire de Glaciologie et Géophysique de l'environnement (LGGE), Grenoble, France.*
- Dec. 17, 2014** Gulf Stream frontal eddies and their submesoscale interior.  
*Poster, American Geosciences Union Fall Meeting, San Francisco, California, USA.*
- Feb. 28, 2014** Submesoscale instabilities and mixing on the Gulf Stream North Wall.  
*Oral, Ocean Sciences Meeting, Honolulu, Hawaii, USA.*
- Jan. 8, 2013** Gulf Stream North Wall submesoscale fronts and instabilities.  
*Workshop on "Scalable lateral mixing and coherent turbulence", Stanford University, CA, USA.*
- Dec. 10, 2012** Dynamics of the Gulf Stream : From gyre-scale balance to submesoscale generation.  
*Seminar at the Laboratoire de Physique des Océans, Brest, France.*
- Jun. 20, 2012** Submesoscale dynamics in the Gulf Stream region.  
*Workshop on "Scalable lateral mixing and coherent turbulence", Woods Hole Oceanographic Institution, MA, USA.*
- Jan. 11, 2012** Small scale features in the Gulf Stream region.  
*Workshop on "Scalable lateral mixing and coherent turbulence", Portland, OR, USA.*
- Dec. 5, 2011** Dynamical Downscaling over the Great Lakes Basin of North America : The impact of the Great Lakes system on regional greenhouse warming. *Poster at the American Geosciences Union Fall Meeting, San Francisco, California, USA.*
- May 18, 2011** Dynamical Downscaling over the Great Lakes Basin of North America using the WRF Regional Climate Model : The impact of the Great Lakes system on regional greenhouse warming.  
*Seminar at the Department of Atmospheric and Oceanic Sciences, UCLA, Los Angeles, US.*
- Apr. 03, 2011** Dynamical Downscaling over the Great Lakes Basin of North America using the WRF Regional Climate Model : The impact of the Great Lakes system on regional greenhouse warming. *Oral at the European Geosciences Union General Assembly, Vienna, Austria.*

- Feb. 05, 2010** Regional Climate Modelling at the University of Toronto : Physics and SciNet.  
*Climate Science Workshop : Regional Climate Modelling Capacity in Ontario, Toronto, Canada.*
- Sep. 02, 2009** Instabilities of coastal currents, nonlinear evolution and vortex formation.  
*Oral at the International Conf. on High-Reynolds Number Vortex Interactions, Brest, France.*
- Aug. 31, 2009** Existence, propagation and collisions of localized dipolar vortices on the f-plane. *Poster at the International Conf. on High-Reynolds Number Vortex Interactions, Brest, France.*
- Apr. 24, 2009** Instabilities of two-layer shallow-water flows with vertical shear in the rotating annulus.  
*Oral at the European Geosciences Union General Assembly, Vienna, Austria.*
- Jan. 9, 2009** Instabilities of two-layer shallow-water flows with vertical shear in the rotating annulus.  
*Oral at The Dynamics of Rotating Fluids Meeting, University College London.*
- Dec. 9, 2008** Instabilities of two-layer shallow-water flows with vertical shear in the rotating annulus.  
*Seminar at the Laboratoire des Ecoulements Géophysiques et Industriels (LEGI), Grenoble, France.*
- Dec. 02, 2008** Instabilities of two-layer shallow-water flows with vertical shear in the rotating annulus.  
*Seminar at The Mathematical Institute, University of Oxford, UK.*
- Nov. 5, 2007** Ageostrophic instabilities of a front in a stratified rotating fluid.  
*Seminar at The School of Mathematics, University of Edinburgh, UK.*
- Aug. 31, 2007** Ageostrophic instabilities of a front in a stratified rotating fluid.  
*Oral at the Congrès Français de Mécanique, Grenoble, France.*
- Apr. 18, 2007** Ageostrophic instabilities of balanced flows and their nonlinear evolution.  
*Poster at the European Geosciences Union General Assembly, Vienna, Austria.*

## Others

**Referee for :** Journal of Physical Oceanography, Ocean Modeling, Journal of Fluid Mechanics, Geophysical & Astrophysical Fluid Dynamics, AGU books, Nonlinear Processes in Geophysics.
